

Town of Concord - Senior Center

MDA Consulting Engineers seeks to provide its clients with personalized service. We strive to develop a proposed design that is both economical, yet meets the needs of our client. The Town of Concord Senior Center involved extensive planning to arrive at the proposed design. Services included Site Plan Development, Storm Water Management, Water and Sewer Service, and Architectural Drawings. We also provided Construction Management and Site Inspections during construction.

Location: Springville, NY
Construction Completed: 2016
